

Our Story

For more than 150 years, Ecumen has been making life better. Today, we support the independence and unique lifestyles of thousands of people — those who are living in Ecumen communities and those we serve in their own homes.

Ecumen is one of the nation's top 20 largest non-profit providers of senior housing and aging services. Based in Shoreview, Minn., we operate in 38 cities in Minnesota, North Dakota, Wisconsin, Nebraska, Michigan, Idaho and Tennessee, and through our online store at www.ecumenstore.org.

The Ecumen Store

The Ecumen Store began when innovative Ecumen employees saw a way to better serve our residents and families. Operated from Ecumen Pathstone Living in Mankato, Minn., The Ecumen Store serves those living in Ecumen owned and managed communities, and those shopping online at www.ecumenstore.org.

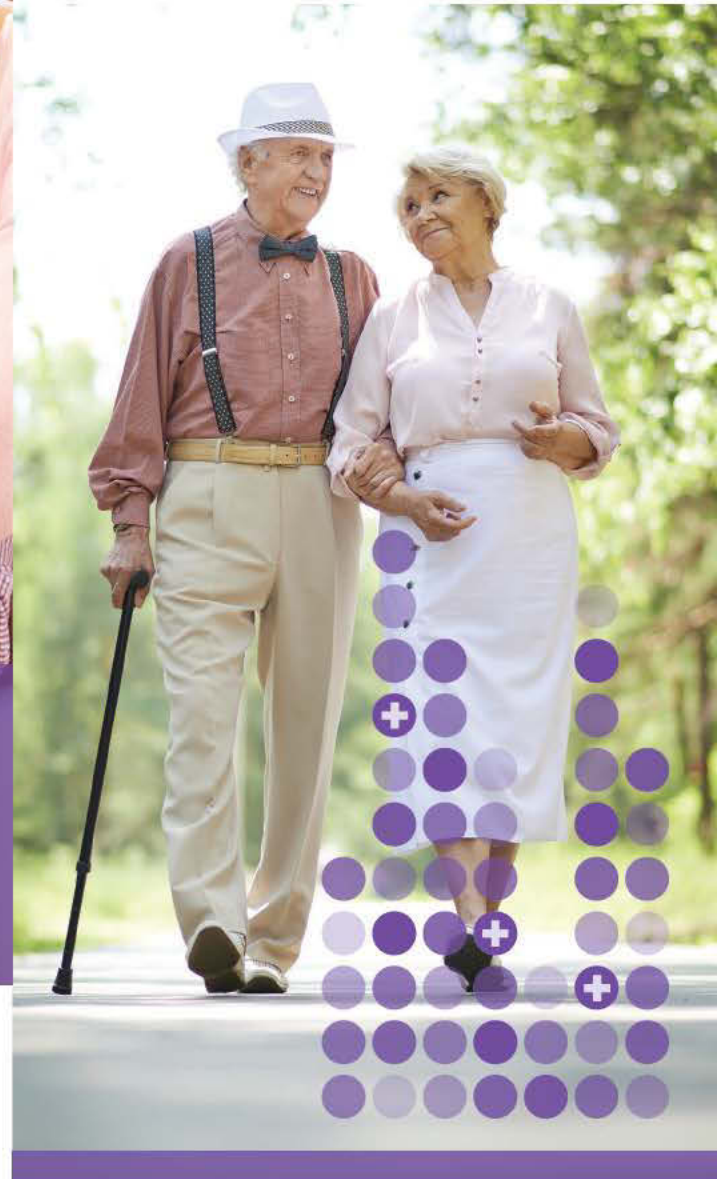

Making Life Better

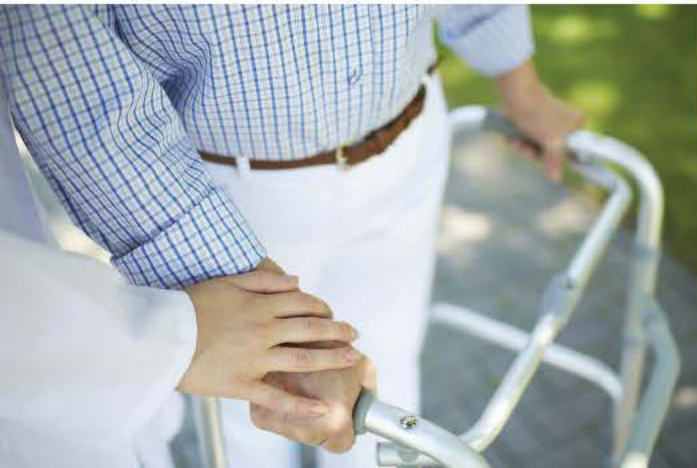

Dedicated to empowering individuals to lead richer, fuller lives, Ecumen prides itself on innovation and radically changing the way aging is viewed and understood.
